It is also Red Sea scuba diving, hot night spots, luxury hotels and five star restaurants. It is romantic cruises down the Nile on festive river boats, a night at the grand opera and it is a cultural experience like none you have ever experienced. The Royal Cobalt Works has a long history and was established as early as 1776. For over 100 years, thousands of people worked to extract cobalt from the deep mines at Modum. This special metal was used to make cobalt blue paint - which in turn was supplied to the entire world's porcelain and glass industry. In fact, between 1773 and 1893, Norwegian cobalt extraction accounted for as much as 80 % of the world's production!
